

YAMAN BHATTA

Computer Science Student & Aspiring AI Engineer

Location: Bangalore, India (From Nepal)
LeetCode: leetcode.com/u/yamanbhatta
Instagram: instagram.com/yaman_b10
Languages: Nepali, English

TECHNICAL SKILLS

Languages

C C++ Python JavaScript

Web Tech

HTML5 CSS3 JS

Tools & VCS

Git GitHub VS Code

Domains

DSA AI/ML Basics

Embedded Systems

EDUCATION

B.E. Computer Science & Eng.

BMSIT, Bangalore

1st Sem: 9.05 | 2nd Sem: 9.85

Class 12 (+2 Science)

DAV, Nepal

GPA: 3.7 / 4.0

Class 10 (SEE)

JK School, Nepal

GPA: 3.4 / 4.0

WORK MINDSET

Problem Solver

Focused on algorithmic depth & DSA mastery.

First-Principles AI

Desire to understand underlying architectures, not just usage.

High Consistency

Driven by hard work, discipline, and self-improvement.

INTERESTS & PASSIONS

Sports

Football (Messi Fan)

Cricket (MS Dhoni Fan)

Personal Focus

ABOUT ME

Driven Computer Science undergraduate with a top-tier academic record (SGPA 9.85) and strong foundational knowledge in algorithmic problem solving, modern programming languages, and full-stack basics. Passionate about exploring Artificial Intelligence and Machine Learning from first principles, building real-world hardware/software systems, and maintaining strong consistency in learning and engineering.

KEY PROJECTS

Automated Instagram AI Chatbot Assistant

Python Automation AI Messaging

- Architected and deployed an automated response chatbot configured to process and reply to incoming messages seamlessly.
- Learned core fundamentals of event-driven message handling, API integration, and AI application design.
- Sparked key interest in building end-to-end autonomous intelligent agents.

IoT Smart Irrigation Hardware System

C/C++ Microcontrollers Hardware-Software

- Developed a complete automated irrigation prototype during 2nd semester at BMSIT.
- Integrated soil condition sensors with microcontroller logic to automatically activate and shut off water pumps based on moisture thresholds.
- Bridge software logic with physical hardware interfaces to deliver energy-efficient automation.

KEY HIGHLIGHTS & INTERESTS

Top Academic Standing

Achieved an outstanding 9.85 SGPA in 2nd semester at BMSIT, demonstrating academic rigor and consistency.

Algorithmic Focus

Actively engaged in problem-solving in Data Structures and Algorithms using C++ and Python.

Sports & Teamwork

Passionate football and cricket player; inspired by leadership and sportsmanship of MS Dhoni and Lionel Messi.

Personal Growth

Actively working on technical communication, public speaking, and expressing engineering ideas clearly.
